TESTIMONIALS

Thank you very much for this video! I am getting ready to install an aftermarket radio in my 2006 Xterra and your video certainly is helpful. I'm confident that I can now avoid some of the pitfalls of ignorance by having watched you do it first. Thanks!

- Cliff U

Brilliant Ry, thanks for the video as written instructions on other sites weren't exactly clear.

- Paul D

Dang, probably one of the best, easiest to follow how to car repair videos I have seen in a while, thanks!
